ABOUT ME

Passionate web developer with a keen interest in competitive coding and data science. Proficient in front-end web technologies, I thrive in creating user-centric web experience. In addition to my web development skills I am a competitive coding and data science enthusiast, exploring data structures and algorithms and methodologies to extract meaningful information from the data.

SKILLS

- HTML
- CSS
- JavaScript
- Bootstrap 5
- ReactJS
- C/C++
- Python
- SQL

SOFT SKILLS

- Problem Solving Approach
- Team Player
- Adaptability
- Creative

BADGES

- 5★ CPP on Hackerrank
- 2★ Python on Hackerrank
- 1★ Codechef
- 10+ problem solved on Leetcode

PROJECTS

WEATHER WEB APP

This Weather App provides real-time weather information for a given location. It fetches data from a reliable weather API and presents it in a user-friendly interface. Users can quickly check the current weather conditions, temperature, wind speed, visibility and pressure for any desired location.

SITEGENIE

Your Web-Based AI Chatbot. Elevate your online presence with the power of artificial intelligence at your fingertips. SiteGenie is not just a chatbot; it's your virtual assistant for creating engaging and personalized interactions on your website.

PORTFOLIO

A ReactJS made project which showcases my overall journey in the tech world.
